Share your story

If you have used your ILA Scotland funding to help pay for the cost of learning then we would like to hear about it.

We are always looking for inspiring stories to use in case studies for a wide range of materials such as leaflets, newsletters and our website to promote the benefits of ILA Scotland.

If you would like to share your ILA Scotland experience and encourage others into learning, please complete the details on the opposite side of this leaflet and send it back to us.

“ It's always great to hear how people have used their account. Using an individual's story in our publications helps other people relate the experiences to their own lives, giving not only a personal touch but also inspiration to others. ”

ILA Scotland Press officer.
